# Double Bubble

By Anna Darcy

**Alice looked longingly at the hot tub on the decking outside her window. It bubbled invitingly as she drank the dregs of her coffee but she knew that there would be no time to relax today. She had a full afternoon of work, but before that, she had two workmen arriving to build a summer house. She sighed – the weather was perfect for a dip but it wasn't meant to be.**

At that moment, the doorbell rang and with a sudden burst of energy she went to answer it. To her surprise, instead of the grizzled contractor and his workman she was expecting, there were two young, broad-shouldered men at her door – identical in every way. Her look of disbelief was one the young men had obviously seen before, and with a smile they explained that they were Mark and Max, the twin sons of the contractor and had been drafted in to do the heavy digging work before the summer house could be built. Alice decided that perhaps there would be time for a dip in the hot tub after all – it would be interesting to watch these two well-built young men digging from the sensuous warmth of the tub.

As they began to prepare the ground, she quickly changed into a skimpy bikini that showed off her slim figure and full breasts. She studied herself briefly in the mirror and with a smile decided that for a woman on the wrong side of 40, she looked pretty good. Scooping up her favourite waterproof Tracey Cox Supersex Bullet Vibrator from her “delight drawer” she headed back to the hot tub.

Max and Mark smiled admiringly as she sauntered across the decking and stepped down into the tub. As if telepathic, they both removed their tight T-shirts, revealing tanned and muscled torsos, and continued with their work, apparently ignoring her.

Once under the water, she pressed the button on the end of her vibrator and smiled as it came to life in her hands. She lay back, lifted her hips and pushed the string of her thong to one side with the pointed tip so that she could feel the strong vibration against her clitoris. Her eyes closed in pleasure as she gently moved the vibrator back and forth, hidden under the bubbling water. As she imagined the young men watching her, her movements became more rapid and she quickly inserted the shaft into her vagina until she could feel the vibrations against her G-spot. She gasped as her orgasm hit almost immediately and could not help but lift partly out of the water as she rocked her hips along the shaft.

As the waves of pleasure began to ebb, she felt her top being gently moved across her breasts as simultaneously, a strong mouth latched onto each nipple. She gasped and her eyes flew open. Two dark heads dipped up and down as the twins sucked at her nipples and, as if rehearsed, she felt two hands stroke her torso then continue downwards, gently remove her thong.

One hand took the vibrator from her and gently pushed the toy back inside, moving it backwards and forwards until it hit her G-spot and made her cry out with pleasure. At the same time, the other hand expertly rubbed her clitoris until she could barely breathe. One of the twins lifted her bottom until it was at the level of the water and, leaving the pink shaft humming inside her, bent his head to suck at her swollen and sensitive clitoris. The other continued to suck at one erect nipple and with his fingers, circle the other.

Every nerve in her body was on fire – the sensation of the warm water bubbling around her body, the vibrator, and the hands and mouths of the two young men was enough to bring her shuddering to the best climax of her life! Yet still they continued. Glancing at each other, they swapped places, running their firm hands over her whole body as they did so. Alice felt waves of pleasure rippling over her whole body as the twins brought her to climax after climax. She cried out in pleasure and was finally gently released back into the swirling steamy water.

She lay there with her eyes closed for a moment, sated and satisfied like never before, then looked up to see where her lovers were, wondering how she could possibly repay them. Dazed with the after-effects of multiple orgasms, she realised she was alone in the tub, and that the twins were fully dressed and working away, as if nothing had happened.
